## Santa Ana Regional Water Quality Control Board

January 29, 2015

Jason Uhley, Chief  
Watershed Protection Division  
Riverside County Flood Control and  
Water Conservation District  
1995 Market Street  
Riverside, CA 92501

### **ADMINISTRATIVE EXTENSION OF RIVERSIDE COUNTY MUNICIPAL STORMWATER PERMIT NPDES NO. CAS618033**

Dear Mr. Uhley:

On July 29, 2014, the permittees under the above-referenced NPDES permit submitted a complete application for renewal of the permit. The permit renewal application included a Report of Waste Discharge. The renewal application was submitted timely. Title 40 Code of Federal Regulations (CFR) §122.6, allows the permitting authority to continue in force the conditions of an expired permit under 5 U.S.C. 558(c) until the effective date of a new permit (see §124.15).

California is one of the states authorized to issue NPDES permits in lieu of direct regulation by USEPA (40 CFR §123.25 (a) (9)). Title 23, California Code of Regulations, Division 3, Chapter 9, § 2235.4, allows automatic continuation of the terms and conditions of an expired permit pending issuance of a new permit if all requirements of the federal NPDES regulations are complied with. This letter notifies you that the Riverside County MS4 Permit Order No. R8-2010-0033, NPDES Permit No. CAS618033 (Permit) which expires on January 29, 2015 has been administratively extended. We expect further discussions with the permittees regarding the permit renewal over the next few months. The Permittees will soon be provided a pre-public draft to review. We have tentatively scheduled the first public workshop for May 1, 2015 in Loma Linda.

---

WILLIAM RUH, CHAIR | KURT V. BERCHTOLD, EXECUTIVE OFFICER
