

October 22, 2012 Water Quality Management Plan  
A Guidance Document for the Santa Ana Region of Riverside County

**Exhibit H: Glossary  
Errata**

**POSTED 06/30/2016**

**Page G-2**

<b>Development Project</b>	Any project that proposes Construction, rehabilitation, redevelopment, or reconstruction of any public or private residential, industrial, or commercial facility, or any other projects designed for post-construction human activity or occupation.
----------------------------	---

**Page G-5**

<b>LID BMPs</b>	A type of stormwater BMP that is based upon Low Impact Development concepts. LID BMPs not only provide highly effective treatment of stormwater runoff, but also yield potentially significant reductions in runoff volume – helping to mimic the pre-project hydrologic regime. <del>and also require less ongoing maintenance than Treatment Control BMPs.</del> See discussion in Chapter 2.
-----------------	---

**Page G-7**

<b>Proprietary Stormwater BMPs</b>	Products designed and marketed by private businesses for treatment of stormwater. <del>Many of these products require complicated or proprietary maintenance.</del> Check with the Co-Permittee before proposing to use Proprietary Stormwater BMPs. <del>These BMPs may also be referred to as Treatment Control BMPs.</del>
